San Antonio State Supported Living Center, LPN Charge Floor Nurse

October 2018 – May 2021

- Worked with the developmentally and mentally disabled population by administering medications, providing treatments, and providing comfort care to hospice patients.

PROJECTS

Vue To Do Web App,

REPO: <https://github.com/brunomaria71/new-todo-vue2>

July 2022

- Leveraged Vue.js, and bootstrap to create a To-Do web app.
- Offers the ability to add, edit, and delete tasks, as well as mark tasks as complete.

CurlsGoneWild Web App, REPO:

<https://github.com/brunomaria71/curls-gone-wild-frontend> |

LIVE: curlsgonewild.web.app

June 2022

- A web app that lets users choose a hair type, filters results from the back end, retrieves products and recommended styling routines, and displays them on the front end.
- Built using React, custom CSS, Ant Design, Google Login, Firebase Auth, MongoDB, Node / Express Restful API, Google Firebase Functions, and Firebase Hosting.

Codice De Boca Web App, REPO:

<https://github.dev/brunomaria71/codice-d-boca> | LIVE:

<https://codice-d-boca-mb.web.app/>

March 2022

- Front-end web app that displays a menu for a restaurant. Using HTML and CSS. Deployed using Google Firebase Functions and Firebase Hosting.
